

EQACC SOLAR

Jerusalem high temperature supercapacitor price

Overview

Why do we need high-temperature supercapacitors?

The development of High-temperature supercapacitors (HTSc) has been motivated by the need for reliable energy storage systems capable of efficient operation under extreme thermal conditions, offering superior performance for critical industrial applications.

Where can I buy supercapacitors & ultracapacitor?

The link could not be generated at this time. Please try again. Supercapacitors & Ultracapacitors are available at Mouser Electronics from industry leading manufacturers. Mouser is an authorized distributor for many supercapacitor and ultracapacitor manufacturers including Cornell Dubilier, Eaton, Elna, KEMET, KYOCERA AVX, Maxwell, Vishay & more.

Does Mouser sell supercapacitors / ultracapacitor?

A tariff of 10 % may be applied if shipping to the United States. A tariff of 10 % may be applied if shipping to the United States. Supercapacitors / Ultracapacitors are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for Supercapacitors / Ultracapacitors.

Are supercapacitors safe at high temperatures?

Supercapacitors (SCs) incorporating solid-state electrolytes, including (quasi)-solid-state electrolytes, are generally favored for operation at elevated temperatures due to safety considerations [, ,]. These electrolytes mitigate risks associated with leakage, flammability, and corrosion.
