# **Juba Single Glass solar Curtain Wall Customization Company**

## Overview

---

What is a Juba curtain system?

It's a system that works for all of us. Scope included 62,000 square feet, comprised of both unitized and stick-built curtain walls. This project is a true representation of Juba's capabilities in both the preconstruction and installation phases.

What is a Juba project?

This project is a true representation of Juba's capabilities in both the preconstruction and installation phases. Starting in the concept phase, we worked extensively with the Architect and General Contractor providing the design aesthetic, performance, and installation quality demanded by a landmark project.

Why should you choose Juba?

Protecting your vision. Protecting your reputation. Protecting your relationships with the clients who matter most. Our industry is built on collaboration. Without trust and teamwork, a project simply won't get off the ground. Juba has succeeded along with our clients by helping you lay the groundwork for continued growth.
