

**EQACC SOLAR**

# **Kaco Micro Inverter in Northern Cyprus**

## Overview

---

Who is Kaco New Energy?

KACO new energy has been a pioneer in inverter technology since 1998. The German manufacturer offers inverters and system technology for solar power systems as well as solutions for battery storage and energy management for large consumers.

What is KACO inverter technology?

By 2016, the. KACO TECH String Inverter Technology KACO blueplanet 02xi and 02x grid-tied inverter KACO new energy is a leader in power electronics specializing in PV inverters, performance monitoring systems, and power supply systems for industrial rail applications.

Are KACO solar inverters reliable?

They are very reliable inverters and they have very good technical service. In case there is any problem they send a technician to fix it in 24 to 48 hours. This inverter has been used in many of our projects. it offers an excellent performance. KACO New Energy GmbH Solar Inverter Series Blueplanet 125 - 150 TL3.

Why is KACO the world's first supplier in the photovoltaic industry?

This targeted effort to make their production environmentally friendly has resulted in KACO becoming the world's first supplier in the photovoltaic industry able to produce inverters CO<sub>2</sub>-neutrally. SMA Solar Technology AG (SMA) is a leading global specialist in photovoltaic system technology.
