# Kenya Off-Grid Solar Container Exchange

## Overview

---

What is the Kenya off-grid solar access project (Kosap)?

Please see the KOSAP website or read our press release on the launch of the project. The Kenya Off-Grid Solar Access Project (KOSAP) is a flagship project of the Ministry of Energy, financed by the World Bank, aimed at providing electricity and clean cooking solutions in the remote, low density, and traditionally underserved areas of the country.

How many people in Kenya have electricity access in 2021?

This increase resulted in 23 million people with rural electricity access in 2021 contributed by the regulatory and policy frameworks for off-grid, and mechanisms such as Pay-As-You-Go IRENA'S 2023. Projects like KOSAP and PAOP fuel Kenya's remarkable progress in energy access.

Will Kenya provide universal access to electricity by 2022?

The project is part of the government's commitment to provide universal access to electricity in Kenya by 2022 and create the impetus for growth in achieving Vision 2030.

How has Kenya's off-grid connection changed in 2021?

Kenya's off-grid connections have increased by 5% between 2019 and 2021. This increase resulted in 23 million people with rural electricity access in 2021 contributed by the regulatory and policy frameworks for off-grid, and mechanisms such as Pay-As-You-Go IRENA'S 2023.
