Latin American folding container 40kWh

Overview

How does a Meox 20ft mobile solar container work?

Meox 20ft mobile solar container stores foldable solar panels, providing a convenient way to generate green electricity on the go. When needed, the container is transported to its destination, and the foldable panels are easily unfolded using a rail system that slides them out from the container.

How long does it take to ship a solar container?

Standard solar container models can be manufactured and ready to ship in as little as 4-6 weeks. Customized configurations can take up to 8-10 weeks, with shipping times varying by destination. Do you offer after-sales support for mobile solar PV containers?
