

## EQACC SOLAR

# London Medical Uninterruptible Power Supply Manufacturer

Voltage range

**636V-876V**

Rated voltage

**768V**

Cell type

**Lithium iron phosphate**

## Overview

---

What is uninterruptible power supply for medical equipment?

Uninterruptible power supply for medical equipment is designed to meet the demands of the busy environments of hospitals and medical facilities. In the event of a power failure, the impact of the event needs to be minimised so operations can go unchanged.

What is a bender medical UPS (uninterruptible power supply)?

Those areas require a UPS unit (Uninterruptible Power Supply) to provide critical cover with an immediate changeover to an alternative power source when required. At Bender UK, we have identified, tested and now aligned our services with leading and reliable UPS suppliers, and can now offer the Bender Medical UPS from 500 kVA up to 800 kVA.

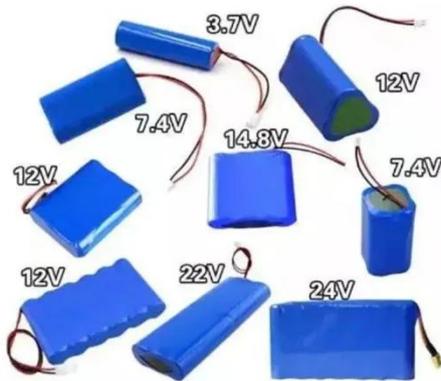

Who makes uninterruptible power supplies?

Swiss made and designed Uninterruptible Power Supplies for the present and future of the most critical power applications. From Standalone PremiumTower10-60kW to the most advanced and highest availability modular solution CumulusPower. Centiel advanced technology takes availability to the next level.

What are the best uninterruptible power supplies?

UPS Systems plc offers a wide range of uninterruptible power supplies including those from Riello UPS, APC UPS and Eaton UPS as well as the UPS battery packs designed to go with them.
