

EQACC SOLAR

Malaysia Solar Container Fast Charging

Overview

What is Malaysia's first EV modular portable fast charging station?

Being Malaysia's first EV modular portable fast charging station, it features a total of four 800V CCS2 chargers for public use and is able to charge at a maximum rate of 200 kW. Gentari has also mentioned that the charging station in Behrang has been set up at a record time of less than a month.

Where is Malaysia's first solar & battery-assisted charging station?

GALLERY Gentari has launched Malaysia's 1st solar & battery-assisted charging station at PLUS Highway, featuring 4 bays with 200kW DC charging rates.

Where in Malaysia is solar battery storage available?

GSL ENERGY has completed many more solar battery storage installations across Malaysia, including for homes, telecom towers, agricultural businesses, and factories in Penang, Selangor, Johor, Sabah, and Sarawak. GSL ENERGY offers cost-effective solar battery bank solutions with international certifications including CE, IEC62619, UN38.3, and more.

Where is EV charging station located in Malaysia?

Gentari has deployed a solar and battery-assisted EV charging station at Behrang Layby (Northbound) on PLUS highway. The solution which aims to overcome power limitation is the first of its kind in Malaysia and Southeast Asia.
