

EQACC SOLAR

Manufacturer of 20-foot folding containers for airport use

Overview

Why should you choose a foldable container?

The foldable container is movable with crane or forklift hence better accessibility. Installation and dismantling is also very fast and can be constructed within 25 minutes. The insulation material used to construct the container also provides good sound and heat insulation.

Can a foldable container be used as a prefabricated building?

Using a foldable container as a Prefabricated Building for temporary site office/accommodation has a huge advantage of convenience and space saving. Compared with normal site office construction, there is cost saving for time, labor, transportation and warehousing convenience.

What is a high cargo capacity Flatrack?

High Cargo Capacity: Accommodate cargo loads of up to 31 tonnes.
Intermodal Bundling: Bundling for Intermodal transportation - 7 units per bundle (varies in some ports). 20ft & 40ft Flush Folding Flatracks suitable for the carriage of large and heavy items, for example, boats, lumber and machinery.
