

EQACC SOLAR

Manufacturer of 600kW Mobile Energy Storage Containers for Wastewater Treatment Plants

Overview

What is an intelligent containerised waste water treatment plant?

Intelligent containerised waste water treatment plants are ready to use immediately on delivery. A containerised portable waste water treatment plant gives clients the option to relocate it onsite or easily transport it to new sites as necessary.

Where are Klaro containerized wastewater treatment systems made?

KLARO containerized wastewater treatment systems are all manufactured, pre-assembled and tested at our site in Bayreuth. You can rely on the top quality of all installation parts. Thanks to the high-quality workmanship, the systems can be operated in any climate zone.

What is a containerized wastewater treatment plant?

A containerized wastewater treatment plant is a wastewater treatment system that is fully integrated into a container. For uncomplicated and fast transportation, we use 10, 20 and 40-foot shipping containers in accordance with the international ISO standard for our KLARO container systems.

What is mobile water treatment plant?

Mobile water treatment and purification plants are designed to cover emergency, temporary solutions such as construction sites or long-term water treatment requirements.
