

EQACC SOLAR

Mbabane Camping solar container outdoor power Factory

Overview

What is a containerised mobile solar power generator?

It is the first containerised mobile solar power generator that is specially designed for fixed deployment. This system is suitable for both on-grid and off-grid use, and can be redeployed in less than 24 hours without the need for specialist labour.

What is a caps mobile solar power generator?

The CAPS Mobile solution is a solar power generator in the form of a shipping container that comes pre-wired, pre-connected together with batteries and which can be deployed in less than 2 hours. The container is fitted with an insulated, air-conditioned control cell, helping to extend the lifespan of the unit's components.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Where are solar power plants made?

Headquartered in Shanghai with 50,000+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology. ISO/TUV/CE-certified units deliver rapid-deploy solar power for off-grid, emergency, and mobile applications, reducing emissions by 70% vs diesel.

Mbabane Camping solar container outdoor power Factory

MBABANE PHOTOVOLTAIC POWER GENERATION AND ENERGY STORAGE

The global solar storage container market is experiencing explosive growth, with demand increasing by over 200% in the past two years. Pre-fabricated containerized solutions now ...
