# Middle East Outdoor Power Installation

## Overview

---

Is wind energy a business opportunity in the Middle East?

While solar has become a popular avenue for companies in the Middle East due to its solar yield and reliability, wind energy is also becoming an opportunity for business growth. ACWA Power and Envision Energy are developing a 1.1 GW wind farm in Egypt's Suez Gulf region, which has the highest wind potential in the country.

Will a 2GW solar project be built in Saudi Arabia?

Image: Masdar. Chinese engineering firm Shanghai Electric and UAE state-owned renewable energy company Masdar have signed an agreement to build a 2GW solar project in Saudi Arabia. The Sadawi project will be Shanghai Electric's largest engineering, procurement and construction (EPC) contract globally, and will cover 40 square kilometres.

Does Saudi Arabia have a solar power plant?

Saudi Arabia is also making strides with its solar ambitions. SPPC has signed a PPA with Jinko Power, Sun Glare Holding Company (SGHC), and Sunlight Energy Group (SEG) to develop a 400MW Tabarjal solar PV power station in Al Jawf Governorate on an IPP basis.

Is Saudi Arabia a good place to invest in solar power?

The Mohammed Bin Rashid Al Maktoum Solar Park's ongoing expansion, which aims to reach a capacity of 7,260MW by 2030, continues to create demand for a skilled workforce, making it an attractive destination for professionals across the region. Saudi Arabia is also making strides with its solar ambitions.
