

## EQACC SOLAR

# Middle East solar Power Generation Energy Storage Pump Manufacturer

BMS Wiring Diagram

## Overview

---

Is wind energy a business opportunity in the Middle East?

While solar has become a popular avenue for companies in the Middle East due to its solar yield and reliability, wind energy is also becoming an opportunity for business growth. ACWA Power and Envision Energy are developing a 1.1 GW wind farm in Egypt's Suez Gulf region, which has the highest wind potential in the country.

Who is the largest solar developer in Egypt?

Scatec entered the Egyptian market in 2015 with 380MW operational, and it has grown to become the largest solar developer in the country. The Obelisk solar plant will feature high-efficiency monocrystalline silicon panels mounted on single-axis trackers, maximising exposure to the sun throughout the day.

Who owns NAGAA Hammadi solar plant?

Scatec is the sole owner of the plant, providing EPC, O&M, and asset management for the project. Integrating the BESS at Nagaa Hammadi enables the plant to store excess solar energy and dispatch it during peak demand or at night.

Does Saudi Arabia have a solar power plant?

Saudi Arabia is also making strides with its solar ambitions. SPPC has signed a PPA with Jinko Power, Sun Glare Holding Company (SGHC), and Sunlight Energy Group (SEG) to develop a 400MW Tabarjal solar PV power station in Al Jawf Governorate on an IPP basis.
