# Mobile energy storage power supply in Bergen Norway

## Overview

---

Why should we invest in EV battery recycling in Norway?

Our BESS holds immense potential for contributing to Norway's burgeoning clean energy landscape. Upon installation at the EV battery recycling facility, Hydrovolt, it will play a pivotal role in optimizing energy utilization and unlocking new revenue streams.

Why should you invest in a Bess project in Norway?

The delivery process unfolded seamlessly, thanks to meticulous planning and the cooperation of all involved parties. Norway's efficiency and commitment to environmental stewardship shone through, enhancing the overall experience. Our BESS holds immense potential for contributing to Norway's burgeoning clean energy landscape.

Why is the electricity supply at northern Senja a problem?

The additional load to the overhead power cables that are supplying the communities at northern Senja results in interruptions and short voltage drops, disrupting the electricity supply to the business community and inhabitants on Husøy and Senjahopen.
