

EQACC SOLAR

Mobile portable solar power box

Overview

What is a mobile solar PV container?

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and commercial applications. Fast deployment in all climates.

What is a smart solar box?

The Smart Solar Box was discovered by accident (like every other product on ClickBank) during an emergency. What's under the hood is an array of folding solar panels, hooked up to a charge controller which then charges new or used car batteries. You can then use this system to power some of your lights or appliances.

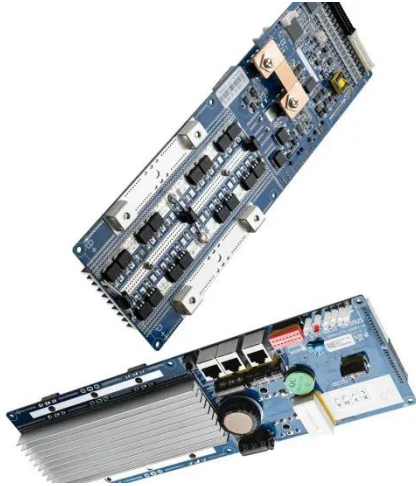

What is HJ mobile solar container?

The HJ Mobile Solar Container comprises a wide range of portable containerized solar power systems with highly efficient folding solar modules, advanced lithium battery storage, and smart energy management.

What is portable solar power?

Solar Power is basically the conversion of energy from sunlight into electricity. It is an easy, cost-effective, clean alternative power source that allows you to get Portable Solar Power when camping or travelling off grid.
