Nauru solar container communication station EMS Energy Storage

Overview

Does Nauru need solar power?

"Now Nauru's power generation mainly relies on diesel. That's expensive and would pollute the environment," said John Scott, who has been working for the project since 2022. "There is a lot of sunshine here and it's good for solar power. I believe electricity supply here will be much better when the project is completed," Scott told Xinhua.

How CCCC is strengthening exchange and cooperation between China and Nauru?

CCCC is strengthening exchange and cooperation between China and Nauru! CCCC is enhancing communication and cooperation between China and Nauru. Under its subsidiary, CHEC, CCCC has implemented the redevelopment project of Aiwo Harbor and a photovoltaic power generation project in Nauru, providing modern facilities and clean energy to Nauru.

Will Nauru's largest harbor be redeveloped in 2025?

On top of building the power project, China Harbour Engineering Company Ltd is also undertaking the redevelopment of Nauru's largest harbor, Aiwo Harbor. Starting in 2019, the project to be completed in 2025 includes harbor dredging and the construction of a new wharf, a desalination system and a container yard, among other facilities.

Is Nauru a 'pearl of the Pacific'?

Since China and Nauru restored diplomatic ties earlier this year, bilateral win-win cooperation has rapidly expanded, yielding beneficial outcomes for local communities. Nauru, with its beautiful tropical scenery and brilliant sunshine, is endearingly dubbed as a "pearl of the Pacific."
