

**EQACC SOLAR**

# **Netherlands Energy Storage Cabinet Battery Manufacturer**

## Overview

---

What is the largest battery storage project in Belgium?

Construction has started on what will be the largest battery storage project in Belgium at 25MW/100MWh when completed later this year. Nala Renewables' lithium-ion battery energy storage system (BESS) will come online at metals conglomerate Nyrstar's zinc smelting operation in Balen, in Belgium's Flemish region, by the end of 2022.

Are all energy storage facilities in the Netherlands electro-chemical?

All energy storage facilities in the Netherlands are electro-chemical, with the exception of the contracted 1 MW Hydrostar underwater compressed air energy storage project in Aruba (Caribbean). Hydrostar is a Canadian company specializing in underwater compressed air energy storage technologies.

Is there a business case for energy storage in the Netherlands?

As mentioned above, there have been two major barriers, or stumbling blocks, to the business case for energy storage in the Netherlands to date. As of the beginning of 2022, one of those has been eliminated, to the great relief of GIGA Storage and others in the industry.

What is a battery energy storage system?

Originally developed for Formula 1 racing, today the system is widely used to save fuel and emissions on dynamic industrial equipment such as pumps and tower cranes. Time Shift B.V. is a manufacturer of innovative battery energy storage systems (BESS), reusing "second life" batteries which have seen previous service in electric busses and trucks.

## Netherlands Energy Storage Cabinet Battery Manufacturer
