# **New Delhi Photovoltaic Energy Storage Container DC Budget Scheme**

## Overview

---

What is Delhi solar energy policy 2023?

The Delhi Solar Energy Policy 2023 (hereafter, 'the policy') was notified in March 2024 with the goal of increasing installed rooftop solar capacity to 750 MW within the state and accessing utility-scale solar capacity of 3,750 MW from outside the state.

Does Delhi have a solar policy?

Delhi launched its solar policy in 2016, and in 2023, introduced an updated solar roadmap with the goal of achieving 6,000 MW of installed capacity by 2025. Households can claim up to ₹1.08 lakh in total subsidies, while commercial and industrial users benefit from up to ₹1/kWh in GBIs and 50% savings on power bills.

Does Delhi offer a solar subsidy besides CFA?

Apart from this, under the new solar policy, the Delhi government is also offering a solar subsidy in addition to the CFA. Through the recently launched National Portal for Rooftop Solar, one can directly apply for solar subsidy online and track the entire process from application submission to transfer of funds to the respective bank account.

What is the capital subsidy for solar projects in Delhi?

**State Capital Subsidy:** Under the new Delhi Solar Policy, the Capital subsidy for all Solar projects for residential customers shall be given at the rate of Rs. 2,000/- per KW upto a maximum of Rs. 10,000/- per consumer. The subsidy will be passed through their first electricity bill post-commissioning of the RTS system.
