

EQACC SOLAR

North Asia solar Energy Storage Device Manufacturer

Overview

How many production bases does solareast have in China?

SolarEast has established five production bases across China. SolarEast Energy Storage Technology Co., Ltd is a wholly-owned subsidiary of SolarEast. It specializes in R&D, manufacturing and sales of energy storage products of various specifications that are widely used in industrial, commercial, and residential applications.

Which countries are focusing on solar PV & wind energy?

Leading countries such as India, China, and Japan are primarily focusing on solar PV and wind energy to spearhead this transition. Energy storage technologies are pivotal in enabling renewable energy to contribute a larger proportion of a grid's overall generation capacity.

Who is solareast?

Founded in 1999, SolarEast is a technological innovation-based enterprise that is publicly listed on Shanghai Stock Exchange (Stock code: 603366.SS). Committed to making a 'clean world and beautiful life', SolarEast is a global leader in solar thermal industry and ranks Top 500 global new energy enterprises.
