# Open a battery pack

## Overview

---

How do you get a battery pack?

On the day after the storm, a Battery Pack can be acquired from it. Battery Packs can sometimes be purchased from the Traveling Cart for 1,500–2,500g and can be sold to Robin at the Carpenter's Shop. Very rarely, a Battery Pack can be dropped by breaking boxes or crates in the Skull Cavern. They may also be dropped by Iridium Bats (5% chance).

How do you disassemble a lithium-ion battery pack?

When breaking down a lithium-ion battery pack, having the right tools for the job is critical. The tools you use to disassemble a lithium-ion battery pack can be the difference between salvaging a bunch of great cells and starting a fire. 5 pack of flush cut pliers. Perfect for removing the nickel strip that is attached to cells when salvaging.

Should I replace a bad battery pack?

If it's the BMS, just swap it out with a new one. The BMS keeps an eye on the battery pack's performance and makes sure everything's working within safe limits. Replace the bad BMS, and your battery pack should be good to go. If you've got bad cells, though, you'll need to swap them with matched cells.

Does a battery pack go bad?

Yes! When a battery pack 'goes bad' it's usually because the BMS has decided to shut it off for one of many reasons. This is why it's a good idea to disassemble lithium-ion battery packs for its cells. In most other cases, just a single cell has failed.
