# **Outdoor power column**

## Overview

---

Are outdoor garden columns a good idea?

Outdoor garden columns will add a classic and sophisticated touch to your backyard or patio area. You can either decide to have them as a primarily decorative item, a functional piece, or. both! In fact, shorter garden columns can easily be used as plant stands, too.

How tall is an outdoor garden column?

40" in height, this outdoor garden column is made of durable and weather-resistant resin in a classic white finish. You could use it on its own or perhaps purchase two and place them on the opposite sides of your outdoor steps, a bench, or other elements or furniture pieces that you'd like to emphasize.

What are outdoor column lights?

Outdoor column lights, also known as pillar top lights, concrete bollard lights, or stone bollard lights, are intended for commercial and industrial use. Outdoor column lights are now available from Access Fixtures.

Why should you choose a power column?

Power columns supply energy for every requirement! The energy profile tailored to your needs ensures the perfect power supply exactly where you need it.
