

EQACC SOLAR

Outdoor solar energy new energy charging trailer

Overview

What is a SPOG trailer?

The SPOG Trailers is engineered to match the solar power generation capacity of an average home, delivering clean, renewable energy wherever you need it. Whether you choose our smallest model or the largest, each trailer is equipped to produce substantial power to support household needs, charge electric vehicles, and power off-grid adventures. 04.

What is a high-capacity solar trailer?

A high-capacity solar trailer, like the SPOG Trailer, is an essential tool for natural disaster preparedness. Built with peace of mind in mind, it provides reliable, off-grid power to keep essential devices and appliances running during emergencies.

What is an event SPOG trailer?

The Event SPOG Trailer features a built-in LED display, perfect for outdoor sports fans and digital enthusiasts. A mobile solution to power your electric car anywhere—at home, campsites, or remote locations. Mobility: High-Capacity Energy Storage: Powers tools, lighting, and equipment with a robust battery system.
