Who is solar solutions png?

Solar Solutions PNG is a leading organization dedicated to transforming the lives of people in Papua New Guinea through the power of solar technology. Our mission is to create a prosperous nation where every individual has access to the essential technologies needed to lead healthy lives filled with dignity and opportunity.

Does Papua New Guinea have a 'small power system'?

Papua New Guinea has set a target for 70% of its households with access to electricity by 2030 and the 'Small Power Systems' sets the foundation to achieving this target. The United Nations Sustainable Development Goal 7 (SDG 7) calls for "affordable, reliable, sustainable and modern energy for all" by 2030.

Does Papua New Guinea have electricity?

In Papua New Guinea where rugged terrain, extreme weather and political disputes contribute to low levels of electrification, only 13% of the population have reliable access to electricity, and most of those live in the urban centres connected to the grid.
