## Overview

---

### What is Kosovo C Power Station?

Kosovo C power station is a cancelled power station in Prishtina, Pristina, Kosovo. It is also known as Kosova e Re power station. Loading map. Project-level coal details The New Kosovo power plant is part of the government's plans to reform Kosovo's energy sector.

### What is the New Kosovo power plant?

The New Kosovo power plant is part of the government's plans to reform Kosovo's energy sector. Other plans include closing Kosovo A power station by 2017, rehabilitating Kosovo B power station to meet EU standards, and privatizing the country's electricity distribution system. Plans for New Kosovo also include a lignite coal mine, the Sibovc SW.

### Where will Kosova e Re Power Plant be built?

The Kosova e Re power plant will be built on a site located adjacent to the existing Kosova B TPP at Obiliq, Prishtina district. The site is accessible by road via the Durrës-Kukës highway, which runs 264km from Durrës to Pristina.

### When will Kosova e Re Power Project start?

Construction works on the Kosova e Re power project are expected to be started in 2019, while commissioning is expected in 2023. The new plant is expected to generate enough electricity to meet approximately half of Kosovo's total energy demand, over its 40 years of estimated operational life.
