

EQACC SOLAR

**Shopping mall offers discounts
on 120kW energy storage
containers**

Overview

Do shopping malls consume energy 24/7?

Most shopping malls are only open for about 12 hours per day, yet they are consuming energy 24/7. While some operations may be necessary around-the-clock, others are not. Should you really be paying to light an empty building?

What is energy storage container?

SCU uses standard battery modules, PCS modules, BMS, EMS, and other systems to form standard containers to build large-scale grid-side energy storage projects.

What is a containerized battery energy storage system?

Our's Containerized Battery Energy Storage Systems (BESS) offer a streamlined, modular approach to energy storage. Packaged in ISO-certified containers, our Containerized BESS are quickly deployable, reducing installation time and minimizing disruption.

What energy storage container solutions does SCU offer?

SCU provides 500kwh to 2mwh energy storage container solutions. Power up your business with reliable energy solutions. Say goodbye to high energy costs and hello to smarter solutions with us.
