Single phase breaker factory in Mexico

Overview

What are Hitachi's plans for a new transformer factory?

The plans include \$25 million to expand Hitachi's Virginia transformer factory, \$60 million to expand its Pennsylvania high-voltage switchgear and breakers factory and \$70 million to construct a distribution transformer factory in Reynosa, Mexico.

Does Hitachi energy have a transformer factory?

Hitachi Energy announces planned construction of a distribution transformer factory in Reynosa and expansions to transformer factory in South Boston as well as high-voltage switchgear and breakers factory in Mount Pleasant. Hitachi Energy plans to invest an additional \$155 million to expand its manufacturing capacity in North America.

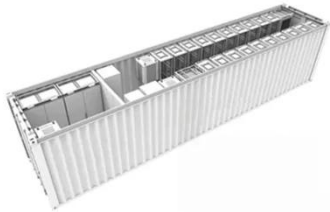

What is a \$70 million transformer factory?

The \$70 million Mexico transformer factory aims to address the need for single-phase, padmount distribution transformers and bring 350 jobs to the region, the release stated.

What will the new transformer factory in Reynosa do?

The new transformer factory in Reynosa will address the need for single-phase, padmount distribution transformers used widely in the North American market and will bring 350 jobs to the region.
