

**EQACC SOLAR**

# **Single-phase supplier of photovoltaic energy storage containers**

## Overview

---

What is a mobile solar PV container?

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and commercial applications. Fast deployment in all climates.

What are energy storage containers & cabinets?

Energy storage containers and cabinets are our flagship products, all in one design, easy to assemble and transport. Chisage' home energy storage system solution uses batteries to store the energy of solar panels, which can be used when there is no electricity. Our energy storage system consists of solar panels, inverters, and lithium batteries.

What is energy storage system products list?

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

What types of energy storage are available?

As a professional energy storage manufacturer, we offer high-capacity lithium batteries, hybrid inverters, and large-scale solar panels. Not only can energy be stored from the photovoltaic system, but it can also store energy from the public grid for use when there is no electricity or high electricity prices.

## Single-phase supplier of photovoltaic energy storage containers

### Innovative Energy Storage Solutions for Home, Industrial

Highjoule provides a wide variety of energy storage products, such as industrial and commercial BESS, home energy storage systems, photovoltaic modules, and other solutions. As a top ...
