

EQACC SOLAR

Solar energy storage enterprise on-site solar energy mobile power supply

Overview

Why do you need a solar energy storage system?

We are dedicated to developing and delivering affordable clean energy to every corner of the world, offering our customers worldwide the possibility of energy independence. Our solar energy storage system maximizes your solar power potential, reducing reliance on traditional energy sources.

What is LZY solar storage?

LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere.

Where are solar power plants made?

Headquartered in Shanghai with 50,000+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology. ISO/TUV/CE-certified units deliver rapid-deploy solar power for off-grid, emergency, and mobile applications, reducing emissions by 70% vs diesel.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.
