

Solar energy storage on the island of Zurich Switzerland

Overview

What is solar & storage live Zurich 2026?

After the great success of Solar & Storage Live Zurich 2025, we are delighted to invite you to join us again in 2026 – as we continue driving the transition towards a brighter, greener future! Our mission is to accelerate the adoption of solar energy propelling us towards a global landscape powered by clean, renewable energy sources.

How does electricity storage work in Switzerland?

Electricity storage is not separately defined in the Swiss legislative framework. The biggest obstacle for electricity companies is to obtain a construction permit and a concession for the operation of a pumped storage plant, which is granted for a maximum of 80 years.

When is solar & storage live?

The Solar & Storage Live will take place on 2 days from Wednesday, 16. September to Thursday, 17. September 2026 in Zurich. 16. - 17. September 2025 17. - 18. September 2024 Product groups: advertising, photovoltaic systems, photovoltaic technology, renewable energy, solar energy, solar modules, solar technology.

Why should you attend the solar & storage live awards?

Another highlight is the Installation Training Hub, provided by leading providers in the solar industry, serving as a center for professional development and specialization. A special feature of the event is the Solar and Storage Live Awards, which recognize outstanding achievements in the solar and energy sectors.
