# **Solar energy system wholesaler in Democratic Republic of Congo**

## Overview

---

Who is Congo energy?

Congo Energy is a Congolese company which is contributing to the recovery and development of the energy sector in the Democratic Republic of the Congo (DRC). Congo Energy offers products that reduce consumption while optimising the quality of installations. The company focuses on 4 areas: Electrical infrastructure for industries.

Could solar power change energy consumption in Congo?

Solar power could change energy consumption in Congo. - The Loudima family in Congo have long been without electricity but they have found an environmental solution: solar power. In the remote districts of Pointe Noire, the Congolese start-up Hélios Électricité has installed a solar power plant.

Is the Democratic Republic of the Congo an energy exporter?

One of the Inga dams, a major source of hydroelectricity in the Democratic Republic of the Congo. The Democratic Republic of the Congo was a net energy exporter in 2008. Most energy was consumed domestically in 2008. According to the IEA statistics the energy export was in 2008 small and less than from the Republic of Congo.

How many Solar Ambassadors are there in the DRC?

We have 3,500+ Solar Ambassadors in our network, working across 22+ provinces. Between them, they distribute 10,000+ products every month. 90% of Congolese people lack access to electricity. We want to see energy poverty eliminated in the DRC by 2030. Our cost effective systems help off-grid customers power a wide range of appliances.
