# **Solar panels installed in South America**

## Overview

---

Who owns the South America solar photovoltaic market?

The South America solar photovoltaic market is fragmented. Some of the major players in the market include Enel Green Power S.p.A., Trina Solar Limited, Atlas Renewable Energy, Sonnedix Power Holdings Ltd, and Canadian Solar Inc.

Will Brazil dominate the South America solar PV market?

Overall, Brazil's solar power sector is set to experience a decent growth, and is likely to dominate the South America solar PV market during the forecast period. The South America solar photovoltaic market is fragmented.

Which segment is the largest market for solar photovoltaic in South America?

Moreover, owing to a large number of upcoming solar PV projects, ground mounted segment is expected largest share in the South America solar photovoltaic market over the forecast period. Brazil is one of the largest markets for renewable energy in South America. Solar was the most competitive energy source among all renewables featured in 2019.

What are the key drivers of South America solar photovoltaic market?

South America solar photovoltaic market is expected to grow at a CAGR of more than 11% during the forecast period. The primary drivers of the market include supportive government policies, rising demand for renewable energy, efforts to reduce GHG emissions, and the declining cost of solar PV systems.
