## Overview

---

Does South Sudan have a solar power project?

South Sudan has taken a significant step toward renewable energy with the launch of its first major solar power project. The Ezra Group, a leading business conglomerate, has successfully developed and financed a 20-megawatt (MW) solar power plant along with a 14-megawatt-hour (MWh) Battery Energy Storage System (BESS).

Why should South Sudan invest in solar power & battery storage?

This project marks a significant achievement for South Sudan, reinforcing its commitment to renewable energy and environmental responsibility. By investing in solar power and battery storage technology, the country is making a decisive move toward energy independence, economic growth, and a sustainable future for its people.

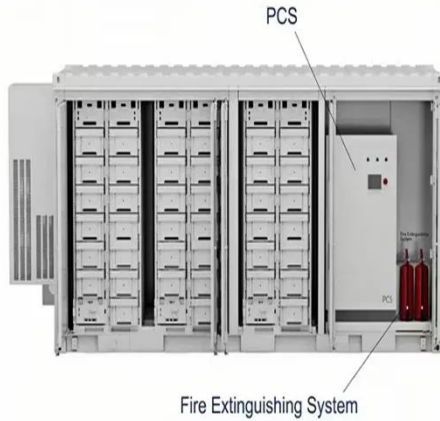

Why is South Sudan launching a 20 MW solar power facility?

The inauguration of the 20 MW solar power facility in Gondokoro signifies a monumental leap forward for South Sudan's renewable energy sector. With this project, South Sudan becomes one of the few nations in Africa to harness solar energy on such a scale, showcasing its potential for sustainable development.

What is Ezra group doing in South Sudan?

Ezra Group unveils a 20 MW solar power project in South Sudan, featuring 14 MWh battery storage. Join the renewable energy revolution!

## South Sudan solar Energy Storage Enterprise

### South Sudan launches first solar plant with battery storage

Ezra Group, a South Sudanese family-run conglomerate, last month announced the launch of South Sudan's first major renewable energy project. The 20 MW solar PV plant, ...

### South Sudan: First major solar energy, BESS plant launched

A public-private partnership in South Sudan has launched the country's first major solar power plant and Battery Energy Storage System (BESS) in the capital Juba, where it is ...

### Ezra Group Expands South Sudan's Solar Power

Key Figures & Findings: South Sudan has officially inaugurated its first large-scale solar power plant, developed by Ezra Construction & Development Group Ltd. The 20 MW ...

### Ezra Group Powers Ahead with Renewable Energy in South Sudan

The Ezra Group, a leading business conglomerate, announced the successful launch of the 20-Megawatt (MW) solar power plant and the 14-Megawatt Battery Energy ...

### South Sudan's Milestone in Renewable Energy: First Major Solar ...

South Sudan has taken a significant step toward renewable energy with the launch of its first large-scale solar power project. The Ezra Group, a prominent business ...

### South Sudan's Milestone in Renewable ...

South Sudan has taken a significant step toward renewable energy with the launch of its first large-scale solar power project. The ...

### 20MW solar with 14-Megawatt (MWh) BESS commissioned in South Sudan

The Ezra Group has commissioned a 20MW solar power plant with a

14-Megawatt (MWh) Battery Energy Storage System (BESS) in South Sudan. The project was developed ...

### **South Sudan launches first solar plant with ...**

Ezra Group, a South Sudanese family-run conglomerate, last month announced the launch of South Sudan's first major renewable ...

### **Ezra Group Launches 20 MW Solar Power ...**

South Sudan has taken a significant step toward renewable energy with the launch of its first major solar power project. The Ezra ...

### **Ezra Group unveils 20 MW solar project in South Sudan**

South Sudan is making significant strides toward embracing renewable energy with the recent launch of its first major solar power project by Ezra Group. This

...

## Ezra Group unveils 20 MW solar project in ...

South Sudan is making significant strides toward embracing renewable energy with the recent launch of its first major solar power ...

## Ezra Group Launches 20 MW Solar Power Project With 14 ...

South Sudan has taken a significant step toward renewable energy with the launch of its first major solar power project. The Ezra Group, a leading business conglomerate, has ...

## South Sudan launches solar energy

Ezra Group, a prominent business conglomerate, proudly unveiled its 20MW solar power plant and 14-Megawatt (MWh) Battery Energy Storage System (BESS) in South Sudan

...

## South Sudan Launches First Solar Power Plant with BESS

South Sudan has launched its first solar power plant with battery storage. The 20-megawatt (MW) solar plant and the 14-megawatt-hour (MWh) Battery Energy Storage System ...

## Ezra Group Expands South Sudan's Solar Power

Key Figures & Findings: South Sudan has officially inaugurated its first large-scale solar power plant, developed by Ezra ...

## South Sudan Launches First Solar Power Plant ...

South Sudan has launched its first solar power plant with battery storage. The 20-megawatt (MW) solar plant and the 14-megawatt ...
