

# Sri Lanka rooftop solar power generation system

## Overview

---

Does Sri Lanka have a solar PV project?

The Project provides long-term debt financing for installation of rooftop solar PV power generation systems in Sri Lanka. The credit line is managed by the Department of Development Finance, Ministry of Finance, Economy, and Policy Development (MoF).

What is a rooftop solar PV power generation project?

The “Rooftop Solar PV Power Generation Project” provides electricity consumers with long-term debt financing for installation of rooftop solar photovoltaic power generation systems in Sri Lanka.

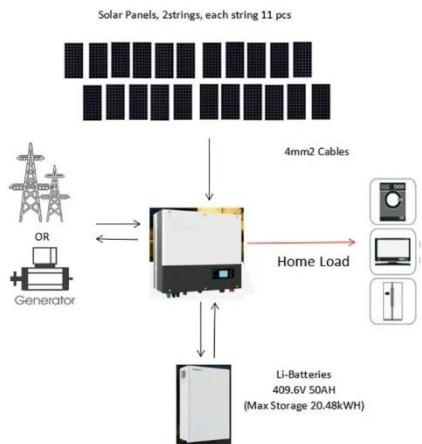

How to get solar PV roof top installation in Sri Lanka?

Solar PV service providers (applicant company), having capacity to deliver the complete package of services including survey, design, supply of equipment/materials, installation & commissioning and post installation back up support must register at the Sri Lanka Sustainable Energy Authority to engage in Solar PV Roof Top installation in Sri Lanka.

Does Sri Lanka have a good energy sector?

Sri Lanka has improved its energy sector performance and achieved a national electrification ratio of 98.5% in 2015 compared with 29% in 1990. However, high dependence on expensive fossil fuel energy continues.
