

EQACC SOLAR

Supercapacitor manufacturer in Aarhus Denmark

Overview

The company InnoCell ApS was founded in 2016 with the mission to bring new groundbreaking supercapacitor technologies to the market. Who makes supercapacitor products?

Supercapacitor products are offered by the company under its Industrial Solutions segment. The company's supercapacitor products are used in automotive, energy, and oil & gas applications. Maxwell Technologies.

What is the supercapacitors market?

The Supercapacitors Market is characterized by its fragmented nature, consisting of various specialized companies that emphasize innovation and niche applications. While global players are present, several local firms shape the landscape, indicating a diverse competitive environment where specialized manufacturers often cater to targeted needs.

What is a compact supercapacitor?

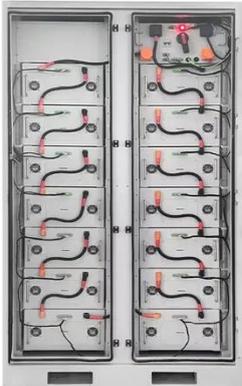

Compact supercapacitor designs cater to niche markets with specific needs. Focus on miniaturization of supercapacitors for electronic devices and wearables. Engages in diverse technological solutions, including advanced energy storage products. Integrates supercapacitor technology into solar energy systems, improving energy efficiency.

What are supercapacitors & ultracapacitor?

Supercapacitors or ultracapacitors offer unique advantages like ultrafast charging, reliable operation spanning millions of duty cycles alongside wide operating temperatures and collaborative integration with batteries or fuel cells for energy storage applications.
