

EQACC SOLAR

**Supplier of foldable containers
for base stations network-
connected type**

Overview

What is a foldable container?

Foldable container is foursquare design which increases over 4% space compare with traditional structure. All production finish in the factory, direct field use which will reduce over 90% construction waste. The foldable container is a good choice whether it is used as a residential house or an office. Robust, safe and affordable.

How many foldable containers can a 40ft container load?

One 40ft container can load 8-10 sets foldable containers. The base plate of foldable container is made of thick-high quality galvanized steel, and the sidewalls is using high strength polyurethane insulation board, thermal insulation. Seamless splicing of the container body, strong sealing. You can install these foldable containers easily.

Is a foldable container a good choice?

The foldable container is a good choice whether it is used as a residential house or an office. Robust, safe and affordable. Thanks for the good service.
