System**

Overview

Who makes solar modules?

Solar module factory with 120 MW capacity started by REC Solar in 2003. Since September 2016 owned by Renewable Sun Energy Sweden AB. It's one of the most modern and automated module production facility in Europe Solar Modules produced at SweModule by Renewable Sun Energy Sweden AB are designed for various markets and applications.

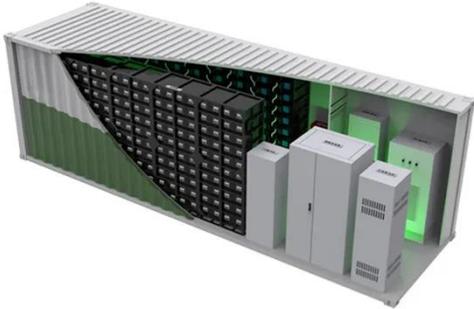

Who makes swemodule solar modules?

Solar Modules produced at SweModule by Renewable Sun Energy Sweden AB are designed for various markets and applications. High quality production, combined with strictest process control, ensure maximum lifespan and the highest performance. Next generation goes of grid. Read about the fully solar-panel driven Villa.

What is the solar market like in Sweden?

The market leans towards specialization, where companies such as SVEA Renewable Solar AB and Exeger Sweden AB focus on specific niches in solar technology. Despite the presence of larger conglomerates like Vattenfall AB, the market is fairly fragmented with numerous smaller companies contributing to its dynamics.
