

EQACC SOLAR

Swiss solar container battery supply chain

Overview

Where is the largest battery storage system in Switzerland?

In Kappel, in the canton of Solothurn, one of the largest battery storage systems in Switzerland is currently under construction, with a total capacity of 65 megawatt-hours. The successful delivery of all system components marks a key milestone on the path to commissioning. Primeo Energie will use our storage system to provide energy flexibility.

Does Switzerland's new large-scale battery support the Energy Strategy 2050?

The new large-scale battery for Switzerland in Kappel supports the Energy Strategy 2050 and supports renewable energies.

How did intilion transport containers from China to Switzerland?

INTILION managed the entire transport chain from China to Switzerland – including shipping, customs clearance, and interim storage. Instead of relying on a complex road transport solution, INTILION chose an alternative approach: all 16 containers were transported together by inland vessel along the Rhine, from Rotterdam to Birsfelden.

Why should solar and battery companies partner with easy logistics management?

By partnering with Easy Logistics Management, solar and battery firms can focus on growth, innovation, and sustainability —while we handle the complexities of the supply chain. Let's connect!

Swiss solar container battery supply chain

Containers for Battery Energy Storage System

The growing number of containerised Battery Energy Storage Systems is driving a niche supply chain for building and handling these containers.

Sector supply-chain guidance - batteries

Note that investments in other sectors may also involve the battery supply chain. The steps outlined in this guidance also apply to other projects where batteries are a material ...

Switzerland Solar Energy and Battery Storage Market (2025 ...

The combination of solar energy and battery storage is seen as a key solution to reduce reliance on fossil fuels and mitigate climate change impacts, driving further growth in the Swiss ...

Large-scale battery for Switzerland: 65 ...

End-to-end logistics - more than just hardware The success of the project was not only determined by the delivery of the battery containers, but also ...

Large-scale battery for Switzerland: 65 megawatt hours of ...

End-to-end logistics - more than just hardware The success of the project was not only determined by the delivery of the battery containers, but also by the overall logistical ...

Top 100 Solar Battery Companies in Switzerland (2025) , ensun

When exploring the solar battery industry in Switzerland, several key considerations emerge. The Swiss government has implemented strong regulations promoting renewable energy, which ...

Intilion delivers 65-MWh battery storage system components to Switzerland

The company oversaw the movement of battery containers from its

manufacturing partner in China, using a combination of sea freight, inland shipping, and warehousing before ...

Assessment of short-term supply disruption impacts for the Swiss

In this paper, supply disruption impacts along supply chains within the Swiss mobility, energy and ICT sectors are assessed in the short-term (i.e. the next 5 years) using ...

Landlocked Solar Manufacturing: A Swiss Supply Chain Guide

Starting a solar factory in a landlocked country? This Swiss case study reveals a winning supply chain strategy using bonded warehouses and strategic sourcing.

How Solar & Battery Companies Can Cut Logistics Costs

The renewable energy industry is seeing explosive growth, with solar panel installations and battery storage deployments reaching all-time highs.

However, many ...

Tesla, BYD & CATL: Solar Storage's Supply ...

The rise of solar-plus-storage is no longer just a technical trend--it's now a major supply chain story. Tesla, BYD and CATL are not ...

Tesla, BYD & CATL: Solar Storage's Supply Chain Challenge

The rise of solar-plus-storage is no longer just a technical trend--it's now a major supply chain story. Tesla, BYD and CATL are not only producing batteries to back up solar ...

Battery String-S224

- 1C Charge/Discharge
- Easy configuration and maintenance
- Power supply can be single battery string or parallel battery strings
