

EQACC SOLAR

Tallinn household roof solar panel manufacturer

Overview

Who is Roofit.Solar?

Roofit.Solar was founded in 2016 by Andri, who created his own solar roof. Roofit.Solar is a dedicated team of experts providing full-service solar roof installations worldwide. Co-founders Andres Anijalg (CEO) and Raimond Russak (CFO) joined the company shortly after.

When was Roofit.Solar founded?

Roofit.Solar was founded in 2016 by Andri. His idea soon caught flame with co-founders Andres Anijalg (CEO) and Raimond Russak (CFO) who joined the company shortly after. Roofit.Solar has since evolved into a dedicated team of experts, providing full-service solar roof installations all over the world.

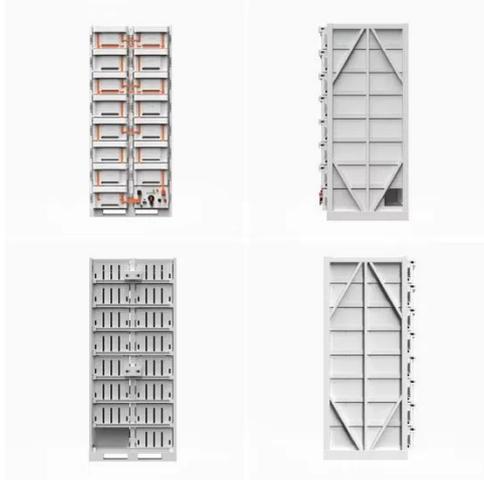

Why did Andri create Roofit.Solar?

Andri founded Roofit.Solar in 2016 to create a solar roof that looked like a regular roof while generating sustainable electricity. He wanted a solution that was attractive and cost-effective, unlike the existing options that were costly, bulky, and unattractive.

Is Elon Musk a 'solar roof' innovator?

In the USA, Tesla plans to start electricity-producing roofing tiles, and Elon Musk as an innovative visionary is the best promoter of the “solar roof” concept globally. In comparison with Tesla, Roofit Solar Energy can already demonstrate specific advantages and success stories.

Thin and Durable Panels
What Is The Cost of All This Beauty and Innovation?
Aesthetical and Powerful Panels
The roof panels come in three different sizes: 1. For example, the small 545 x 1640 mm weighing 11.6 kg and the largest 545 x 2270 mm weighing 16 kg. 2. The smaller produces 110 W and the larger 160 W. 3. The metal sheet thickness is 0.5 mm, but the final product is 4 mm thick. 4. The standard colour black is the most cost-efficient material.
