

EQACC SOLAR

Thailand flashlight solar container lithium battery factory

Overview

Amita Technology (Thailand) Co.,Ltd., a subsidiary company of Energy Absolute PCL, has started a plant producing lithium-ion batteries and a cutting-edge integrated energy storage system. Who is Thai storage battery?

Overview: Thai Storage Battery is one of the oldest battery manufacturers in Thailand, known for its strong presence in the automotive and industrial sectors. TSB is transitioning into lithium-ion but remains a key player in traditional batteries. Established Time: 2023.

Where are lithium-ion batteries made in Thailand?

Thailand's vibrant industrial landscape hosts several supply chain centers for lithium-ion battery companies, strategically located in key cities across the country. Bangkok, the capital city, serves as a nucleus for various battery manufacturers, offering proximity to transportation networks and skilled labor.

Why is Thailand a key player in the lithium-ion battery market?

As the global shift toward clean energy accelerates, Thailand is emerging as a key player in the lithium-ion battery market, driven by its strategic position in Southeast Asia's electric vehicle (EV) and renewable energy boom.

Who makes EV batteries in Thailand?

The facility, operational since 2024, produces lithium-ion battery packs (LFP and NMC) for EVs, targeting 60,000 units annually. Leveraging Great Wall Motor's automotive expertise, SVOLT focuses on cobalt-free batteries, enhancing cost-efficiency and sustainability. The company supports Thailand's EV ecosystem, supplying local and ASEAN markets.
