Three-phase folding containers for Ethiopian ports

100KWH/215KWH

LIQUID/AIR COOLING

IP54/IP55

BATTERY 6000 CYCLES

Overview

George Kochanowski is CEO of Staxxon, a company that has broken new ground by designing shipping containers that fold like an accordion and can be stacked on ships or in ports to reduce congestion.

How many ports does Ethiopia have?

Due to its geographical location, Ethiopia lacks seaports but it has developed 8 inland ports or dry ports to facilitate its import-export trade with the world. These port development projects have been financed by the World Bank since the country suffers from budgetary limitations.

Which Ethiopian port handles shipments of vehicles?

There is another port called the Gelan dry port that handles imports of vehicles such as vans and cars. It is the only Ethiopian port that handles shipments of rolling cargoes. The port has two huge warehouses offering storage facilities and three small administrative buildings.

Where does Ethiopia Trade with Eritrean countries?

Ethiopia was dependent on the Eritrean ports of Massawa and Adab, however trade links severed after the Eritrean-Ethiopian war in 1998. Presently, Ethiopia conducts the majority of its trade through the Djibouti port and plans to construct at least 35 more dry ports.

What is a collapsible shipping container?

Shippers are demanding improved efficiencies and sustainability throughout their supply chains. COLLAPSECON is the collapsible shipping container pioneering the future of global trade. It's practical and rigid design saves on space, cost and handling, and helps to significantly reduce industry emissions.
