Tie tie for outdoor base station

Overview

What is a cable tie Mount?

Cable tie mounts are used to secure wires or cables in place. HellermannTyton offers cable tie mounts in either screw or self adhesive mounting as well as in many different shapes and sizes. With some cable tie mount solutions, there is no drilling necessary.

What is a 3m cable ties mounting base?

Mounting bases are ideal for use with miniature, intermediate and standard cable ties and are designed to keep your wire or cable bundles organized in narrow spaces. 3M™ Cable Tie Mounting Bases are available in UV weather-resistant black for indoor and outdoor use, and natural or beige for indoor use.

What is a sticky cable tie mount used for?

The sticky cable tie mounts can be widely used for wire management clips and electronic cord organizers. The cable tie mounting base for cable ties is a very good solution for securing cables to the back of televisions and home theatre equipment, running cabling along the wall, running cabling along the roof (indoors), and under desks and tables.

What are cable ties?

Our Cable ties help organize wiring systems by grouping cables together. They are constructed for indoor and outdoor use and vary in composition, polyamide and stainless steel.
