## Overview

---

Who energizes Ukraine's largest battery-based energy storage project?

Fluence Energy B.V., a subsidiary of Fluence Energy, Inc., and DTEK Group, Ukraine's largest private energy company, have energized Ukraine's largest battery-based energy storage project, totaling 200 MW across six sites.

Why is Ukraine investing €140 million in energy storage?

The €140 million total investment aims to enhance power grid stability, bolstering Ukraine's energy security and independence. The project will be the biggest operational energy storage portfolio in Eastern Europe at the time of commissioning.

Will energy storage systems improve Ukraine's power grid?

DTEK reports that construction proceeded faster due to the need to complete the project before the onset of the autumn-winter period. Experts report that energy storage systems will provide Ukraine's power grid with additional resilience and stability.

How many energy storage plants are there in Ukraine?

The six energy storage plants will be located at multiple sites across Ukraine, with capacities ranging from 20 MW to 50 MW and a total capacity of 200 MW. Together, they will store up to 400 MWh of electricity – enough to supply two hours of power to 600,000 homes (equivalent to roughly half the households in Kyiv).

## Ukraine independent energy storage project

---

### Ukraine's biggest battery storage project goes online

Ukrainian private utility DTEK has energised the largest battery storage project in the war-torn country and one of the biggest ones in Eastern Europe. The 200 MW/400 MWh ...

### Ukraine's largest battery storage project ...

Ukraine's 200 MW/400 MWh battery project dwarfs most Eastern European installations, and is expected to come online in ...

### Ukraine is set to launch one of Eastern ...

DTEK and Fluence, a global leader in energy storage, have announced the early deployment of this project. The 200 MW system, ...

### DTEK launches Ukraine's largest energy storage facility

The DTEK Group has connected six new energy storage facilities to the Ukrainian power grid, each with a capacity of 20 to 50 MW. The energy storage facilities were installed in ...

### Ukraine's largest battery storage project enters ...

Ukraine's 200 MW/400 MWh battery project dwarfs most Eastern European installations, and is expected to come online in October 2025, ahead of the winter.

### Fluence Energizes Ukraine's Largest Battery Energy Storage Project ...

Fluence Energy, in partnership with DTEK Group, has successfully completed Ukraine's largest battery-based energy storage project, with a capacity of 200 MW, in under six months. This ...

### The largest energy storage facility in Ukraine and one of the ...

Powering 600,000 Households Once completed, the storage facilities will be capable of supplying electricity to up to 600,000 Ukrainian households. The

project is part of a ...

## Ukraine's biggest battery storage project ...

Ukrainian private utility DTEK has energised the largest battery storage project in the war-torn country and one of the biggest ...

## DTEK selects Fluence to deliver 200 MW advanced energy storage ...

The EUR140 million total investment aims to enhance power grid stability, bolstering Ukraine's energy security and independence. The project is split between six energy storage ...

## DTEK and Fluence Energize Ukraine's Largest Energy Storage ...

Fluence Energy B.V., a subsidiary of Fluence Energy, Inc., and DTEK Group, Ukraine's largest private energy company, have energized Ukraine's

largest battery-based ...

### Ukraine is set to launch one of Eastern Europe's largest energy storage

DTEK and Fluence, a global leader in energy storage, have announced the early deployment of this project. The 200 MW system, spanning six locations, is in its final phase, ...

### DTEK Secures \$72M Loan for Battery Energy Storage Facility in Ukraine

This is not just about investing in infrastructure -- it's about strengthening the strategic energy independence and security of our state." This project reflects DTEK's ...

### Ukraine's largest battery energy storage ...

DTEK, Ukraine's biggest private energy company, has begun final commissioning

of the country's largest battery energy storage ...

### Ukraine's largest battery energy storage project enters final ...

DTEK, Ukraine's biggest private energy company, has begun final commissioning of the country's largest battery energy storage project,, developed in partnership with Fluence ...
