# Uninterruptible power supply equipment of Brno Electric Power in Czech Republic

## Overview

---

Why is Hitachi energy investing 1.1 billion CZK in Brno?

Hitachi Energy is investing over 1.1 billion CZK (approximately \$47 million USD) to expand its High Voltage Products factory in Brno, Czech Republic, marking a significant step in the company's global strategy to support the clean energy transition.

Why is Hitachi launching a switchgear factory in Brno?

“ As the global high-voltage switchgear market is expected to grow by 140 percent, reaching \$60 billion by 2050, the Brno facility is central to Hitachi Energy's strategy to help integrated renewables and improve grid reliability. For employees at the Brno factory, the announcement of the modernization and expansion is cause for excitement.

Can Brno lead in a net-zero future?

With this expansion, the Brno factory is poised to lead in shaping a Net-Zero future by creating jobs, supporting local communities, and providing the critical infrastructure needed to advance the world's energy system to be more sustainable, flexible, and secure.
