

**EQACC SOLAR**

# **Ups sine wave power frequency inverter**

## Overview

---

A pure sine wave ups inverter is a device that converts direct current (DC) power from a battery or other source into a clean and stable alternating current (AC) output, replicating the smooth waveform of utility grid power. What is a pure sine wave ups inverter?

Pure sine wave ups inverter for home with 600W at affordable price, output voltage 110V/ 100V/ 220V/ 230V are optional. output waveform is pure sine wave, can meet any type of AC load, ups inverter maximum efficiency is 90%, with over voltage, over load and over temperature protection.

How much power does a 500 watt ups inverter use?

Cheap 500W pure sine wave ups inverter with charging, 1000W peak power, 500 watt ups inverter for home appliances is enough, maximum upload current 0.2A, 0.3A, 0.4A, 50Hz or 60Hz output frequency can be selected, with low voltage protection.

What is a 3000 watt ups inverter?

3000W pure sine wave ups inverter at affordable price, with LED indicators for power and protections. Uninterruptible power supply inverter built-in 3-stages battery charger, ups inverter with battery allow to run loads while charging. Aluminum shell with good heat dissipation and strong shock resistance. It is easy to connect batteries.

What is ups inverter used for?

Ups inverter can be used in pc, vehicles, digital camera and household. 3000W pure sine wave ups inverter at affordable price, with LED indicators for power and protections. Uninterruptible power supply inverter built-in 3-stages battery charger, ups inverter with battery allow to run loads while charging.

## Ups sine wave power frequency inverter

---

### Changi Pure Sine Wave Power Inverter 12V to 220V 3500W With UPS ...

\* High quality DC to AC pure sine wave. \*  
The main control chip adopts high-speed and stable MCU, intelligent control, real-time monitoring, AC output frequency is more ...
