

**EQACC SOLAR**

# **Vienna outdoor wind power base station manufacturer**

## Overview

---

What are ABB's wind power solutions?

ABB's Wind Power Solutions encompass a wide range of products and services that enable efficient wind power generation. ABB is committed to supporting the global transition to renewable energy through innovative wind power solutions.

How many wind turbines will Vestas deliver?

Vestas will deliver 14 V150-6.0 MW wind turbines, and the order includes supply, delivery, and commissioning of the turbines. Upon completion, Vestas will service the turbines under a 25-year Active Output Management 5000 (AOM 5000) service agreement designed to ensure optimised performance of the assets.

What does Austria energy do?

Austria Energy develops renewable electrical energy, storable and distributable, for a better and sustainable environment.

Will Vestas service Neusiedl-Weiden turbines?

Upon completion, Vestas will service the turbines under a 25-year Active Output Management 5000 (AOM 5000) service agreement designed to ensure optimised performance of the assets. "Neusiedl-Weiden is one of Austria's largest repowering projects to date with 44 older turbines due to be replaced.
