Wellington Energy Storage Power Purchase Price

Overview

Who owns Wellington Battery energy storage system?

AMPYR Australia has acquired Shell Energy Australia's 50 per cent stake in the 300 MW / 600 MWh Wellington battery energy storage system (BESS) stage one project in New South Wales. AMPYR already owns Wellington BESS stage two (100 MW / 400 MWh), so now owns 100 per cent of the total 1,000 MWh project.

Which energy storage products will Fluence provide for the Wellington Bess stage 1?

Fluence will provide its full suite of energy storage products, including Gridstack and Mosaic, for the Wellington BESS Stage 1. Image: Fluence. Renewable energy developer Ampyr Australia has reached financial close on its 300MW/600MWh Wellington battery energy storage system (BESS) Stage 1 in New South Wales.

What makes our Wellington storage facility special?

Our Wellington storage facility is extra special as it has multiple access points to the storage units and undercover loading areas to protect you from the Wellington weather.

When will the Wellington Bess be energised?

Stage 1 of the Wellington BESS is scheduled to be energised in 2026. Ampyr Australia has contracted Fluence, a battery storage system integrator and clean energy software and services company, to deliver the 600MWh Wellington BESS.
