

EQACC SOLAR

Wellington emergency energy storage power supply manufacturer

Overview

Who owns the Wellington Battery energy storage system?

It now fully owns the battery storage facility. AMPYR Australia is now the full owner of the Wellington Battery Energy Storage System (BESS) after acquiring Shell Energy Australia's 50% stake in the project's stage 1. In a statement, AMPYR said it had been joint venture partners with Shell in the New South Wales project since October 2022.

What is the Wellington Battery energy storage system (BESS)?

The Wellington Battery Energy Storage System (BESS) is planned to be developed in the central west New South Wales (NSW), Australia. The project will comprise a grid-scale BESS with a total discharge capacity of around 400MW. AMPYR Australia, a renewable energy assets developer in the country, owns 100% of the BESS project.

Will Wellington Bess be the largest battery storage project in NSW?

Once operational, it will have a capacity of 1,000-megawatt hours (MWh) of green power. This will make Wellington BESS one of the largest battery storage projects in NSW. Wellington is being constructed at 6773 and 6909 Goolma Road, Wuuluman NSW 2820.

Which energy storage products will Fluence provide for the Wellington Bess stage 1?

Fluence will provide its full suite of energy storage products, including Gridstack and Mosaic, for the Wellington BESS Stage 1. Image: Fluence. Renewable energy developer Ampyr Australia has reached financial close on its 300MW/600MWh Wellington battery energy storage system (BESS) Stage 1 in New South Wales.
