Overview

What breaker do I need for a solar panel?

Suntree 16A, 25A, 32A, 40A, 50A or 63A 2Pole Solar PV DC Circuit Breaker AS/NZS STANDARD This is the breaker you need to isolate and protect between your solar panel (s) and controller. Simply mount on standard DIN rail. These have the IEC60947-2 standard which is higher than the IEC60898-1. Essentially meaning that they.

What types of isolation switchgear does nhp offer?

NHP offers an extensive range of isolation switchgear ranging from modular DIN and base mount switch-disconnectors for main switch isolation and emergency switching, to DC load break switches for solar PV and battery isolation.

What is an enclosed isolator?

Enclosed isolators provide a reliable and robust solution for electrical isolation needs, ensuring a high level of protection for personnel and equipment.

Does nhp offer an enclosed isolator?

NHP offer various enclosure options for indoor and outdoor applications, with current ratings up to 800A as standard (higher available as custom), making it easy to find the right enclosed isolator for your operating conditions.
