# **Wind-resistant folding containers for highways**

## Overview

---

What is a folding shipping container?

The Folding Shipping Container is an essential part of our Prefabricated Building offerings. Materials commonly used in prefabricated building construction include steel, concrete, wood, and glass. Each material offers unique advantages in terms of strength, durability, and design flexibility.

Do Empty shipping containers clog roads and ports?

Empty shipping containers clog roads and ports. Staxxon's foldable containers -- which can be stacked in bundles -- are one solution to this.

Why should you buy a folding shipping container?

Upgrade your Prefabricated Building with the elegant and durable Folding Shipping Container. Purchasing prefabricated building products wholesale brings cost savings, bulk purchasing discounts, and streamlined supply chains. Wholesale suppliers offer customization options and consistent quality assurance.

Are staxxon containers stacked in bundles?

Staxxon's foldable containers -- which can be stacked in bundles -- are one solution to this. George Kochanowski is CEO of Staxxon, a company that has broken new ground by designing shipping containers that fold like an accordion and can be stacked on ships or in ports to reduce congestion, delays and carbon emissions. Your professional background?
